RE: Morgan Hill Triathlon Event Update

Dear Morgan Hill Registrants,

Spoke with our local jurisdictions late last week and based on construction occurring and we will need to reschedule/postpone the event. Trying to reschedule the 2022 Morgan Hill Sprint Triathlon for June or July of this year. We will not know of a new date until next week. If the new date doesn't work with people's schedule once announced, we will then follow our transfer, credit and deferral policies for those that can't attend. <http://usapevents.com/event-policies/>

The biggest hurdle is the construction that should be done soon but also the water level at UVAS and hoping it stays where it is now, so we have water to swim in once rescheduled.

If you have any questions, please don't hesitate to contact us directly. Hoping your training is going well!

Best regards,

Ryan Coelho

Race Director
